

Dear customer,

We hope that you are staying safe and keeping well.

The Culture Secretary, Oliver Dowden, has announced that leisure centres, gyms and swimming pools could re-open from Saturday 25th July as lockdown measures are eased further.

We wanted to update you on how Club Laurus is preparing for the safe re-opening of our facilities.

On 7th May 2020, UKactive published a re-opening framework document for the leisure sector. Staff at Club Laurus have been following these guidelines, to safely adapt and implement all of the measures for when you return to our facilities. These include new cleaning regimes, new social distancing procedures, new one-way systems and additional hand sanitising stations.

As an organisation we have made the decision to re-open our sites on 1st September 2020.

As promised, we will be communicating more detailed information in the coming weeks including details of how to use our online booking system and block booking renewal agreements.

We look forward to welcoming you back at the beginning of September.

Kind regards

All the staff at Club Laurus
