Identification

How will you know if my child or young person needs extra help? *(IRR)*

At Laurus Cheadle Hulme, we are committed to the early identification of students with SEND. Our Head of Year and SEND team work with our feeder primary schools to collate information on the specific needs of students with SEND. We also collaborate with all of the relevant outside agencies and with parents, to ensure that a full picture of need is established. This process ensures that we have the right information so that the best possible provision, intervention and support can be put in place from the start of a student's time in our school.

We closely monitor the academic performance of all of our students via progress data which is reported three times a year. This allows us to target underperformance and to provide students with the right support to achieve their potential. We also screen students for potential literacy issues in the first term, to identify students who are in need of extra support. Our pastoral team monitor the social and emotional well-being of our students and pick up concerns raised by staff, parents and the students themselves. This allows us to help students to develop within a supporting and caring environment.

What should I do if I think my child or young person needs extra help?

If you have any concerns about your child or young person and you think that they may need some extra help, then you can contact the following people;

SEND Lead – Helen Pointon - helen.pointon@laurusheadleulme.org.uk

Assistant Trust Director of SEND – Mark Sackville-Ford – mark.sackville-ford@laurustrust.co.uk

Trust Director of SEND - Emma Warrington - emma.warrington@chhs.org.uk

Where can I find the setting/school's SEND policy and other related documents? *(IRR)*

The schools SEND policy and other relevant policies can be found on the school website. *(IRR)*

Teaching, Learning and Support

How will you teach and support my child or young person with SEND? *(IRR)*

The school teaches students with SEND in accordance with the Stockport Local Offer.

Laurus Cheadle Hulme is committed to ensuring full entitlement and access for students with SEND, to high quality education within a broad, balanced and relevant curriculum. We will maintain a standard whereby all staff within our school are aware of the importance of identifying and providing for those students who have special educational needs.

How will the curriculum and learning environment be matched to my child or young person's needs? *(IRR)*

The Learning Support team produce a 'School Focused Plan' for each student with SEND, to outline specific strategies to be used by their teachers to support and plan for their individual needs. The plan also includes information on the student's strengths, difficulties and interests as well as targets for improvement. These documents are produced in conjunction with the student and their parents to ensure that they are highly personalised. These documents are reviewed and amended on a continuous basis to ensure that they remain relevant.

All staff are dedicated to ensuring that the curriculum for students with SEND is tailored appropriately to meet their individual needs. The Learning Support Team will liaise with parents, students and the appropriate outside agencies to make sure that the necessary reasonable adjustments are in place so that children and young people are fully included and supported. We educate students with SEND, wherever possible, alongside their peers in the classroom, using a differentiated curriculum that provides a variety of learning opportunities for all students.

We recognise that some students require additional intervention to run parallel to their mainstream curriculum in order to support them to make progress academically, socially and emotionally. In the initial stages of our schools opening, our provision is limited due to restrictions in our staffing capacity. Provision mapping and timetabling of support for children and young people with SEND is completed by the SEND Lead in consultation with Curriculum Leaders and the Trust Directors of SEND.

The additional intervention that we can currently provide is as follows;

- Additional literacy lessons
- [Additional numeracy support](#)
- Additional homework support
- Support to develop social, emotional and mental health

Teaching, Learning and Support

How are the setting, school, or college's resources allocated and matched to children or young people's needs?

The management of the SEND budget is the responsibility of our Senior leadership team in collaboration with the Trust Directors of SEND, and regular discussion and monitoring takes place to ensure that resources are allocated appropriately.

We use performance data, and careful provision mapping, to make decisions on the best strategy to implement for each student, to ensure that they are able to make progress academically, emotionally and socially.

How is the decision made about what type and how much support my child or young person will receive? Who will make the decision and on what basis? (IRR)

For students entering our school, transition information collated by our Head of Year and SEND department, as well as prior attainment data, will inform the level and nature of the support provided for students with SEND. The decision on the provision that is necessary to meet a student's needs, will rest with the Trust Directors of SEND.

The Trust Directors of SEND and the SEND Lead will continuously monitor the progress of students with SEND, both academically, socially and emotionally in conjunction with the rest of our pastoral team. The Trust Directors of SEND and the SEND Lead will use academic progress data, as well as feedback from parents, staff and outside agencies, to measure their progress. The support and provision provided will be determined by their level of need and will be decided by the Trust Directors of SEND.

How will equipment and facilities to support children and young people with SEND be secured? (IRR)

We are committed to ensuring that the necessary equipment and facilities are in place for all of our students. We regularly review our Disability Access plan to ensure that we continue to develop the learning environment so that it is fully accessible for students with SEND. We seek advice from Occupational therapists and other relevant external agencies for individual students, to ensure that we have professional advice on the equipment and facilities we require. We use our SEND budget to procure equipment to support students with SEND where necessary.

How will you and I know how my child or young person is doing and how will you help me to support their learning? (IRR)

Each student's progress is assessed by their subject teachers continuously via internal assessments. Progress is reported to parents three times a year. There will be an annual parents evening for parents/carers to discuss their child's progress in more detail, and to discuss how they can be further supported at home.

Teaching, Learning and Support

The Head of Year, Head of House and the Learning Support Team, are responsible for monitoring, evaluating and reviewing the progress of learners within their respective areas. This team of people collaborate and communicate concerns regarding the progress of identified learners, and decide on the best form of action to take to ensure that each student has the support necessary to achieve their full potential.

Parents with concerns throughout the course of the academic year are welcome to contact the Head of Year, Head of House or SEND Lead.

Parents are invited to attend events throughout the year which are designed to support parents to support their children at home. This includes the following events;

- SEND welcome evening
- SEND review meetings
- Literacy evening
- Parent consultation evening

How does the setting, school or college consult with and involve children and young people with SEND in planning and reviewing their education? *(IRR)*

Students with SEND jointly create their School Focused Plan in conjunction with the SEND Lead and with their parents. Every student with SEND, whatever their level of need, takes part in a yearly review meeting with a member of the Learning Support team, to allow them an opportunity to review and refine their School Focused Plan. Students are encouraged to express any concerns that they may have and to put their ideas forward. This helps to inform our planning for the following academic year.

How does the setting/school/college assess and evaluate the effectiveness and sufficiency of its arrangements and provision for children and young people with SEND? *(IRR)*

The Trust Directors of SEND, in collaboration with the SEND Lead, Head of Year and Heads of House, undertakes regular monitoring of student progress which allows us to assess the effectiveness of provision for students with SEND. Every intervention that we offer is assessed individually alongside the usual data tracking processes.

Keeping Students Safe and Supporting Their Wellbeing

How do you ensure that my child or young person stays safe outside of the classroom?

Student safety is of the upmost importance. Information about students with SEND or vulnerable students is communicated to relevant school staff via their linked documents on our central student data base. These documents outline any areas which could pose a risk to the student.

Where risks are identified, measures are taken to limit these, these measures include;

- supervising students at the beginning and end of the day
- staff on duty during unstructured times
- access to the Head of Year throughout the day

What pastoral support is available to support my child or young person's overall well-being?

All students can access their Form tutor at least once per day. In addition to this, we have a Heads of Year (non-teaching staff) who are responsible for the behaviour, achievement and well-being of each student within the year group they are responsible for. The Head of Year maintains close communication with parents and the rest of the pastoral team, to ensure that the needs of each student in their care are fully understood and communicated effectively. The Head of Year is available to support students at any time of the day, and has at their disposal the option to refer students to a confidential school counsellor or outside agencies where necessary. The Head of Year is available for students to report bullying issues to, and to provide help and support to those suffering from bullying. Bullying is always thoroughly investigated by the Head of Year with action taken immediately. The school's policy for bullying can be found on the school website.

How will the setting, school or college manage my child or young person's medicine or personal care needs?

Administration of Medicines is covered by our medical policy which is available on the school website. We have dedicated members of staff responsible for managing the storage of medicines and medical information. These members of staff coordinate individual health care plans for students, and ensure that all members of staff have access to the right information and that it is centrally stored within our school database. Where a student's medical needs have a profound effect on their education and/or are at risk within school, a meeting is arranged with the relevant members of staff to ensure that we are equipped with the right information to support the student, and training is organised where necessary.

In the event of a medical emergency, the school would follow the medical policy and the individual health care plan for the student, and utilise one of our trained First Aiders to deal with the emergency, who are always on call.

Keeping Students Safe and Supporting Their Wellbeing

Medical appointments are managed by the Head of Year. We always encourage students to take their appointments outside of school hours or on a Wednesday afternoon in order to avoid missing valuable teaching time. In exceptional circumstances where the appointment spans more than 48 hours, teachers are asked to provide work for students.

What support is available to assist with my child or young person's emotional and social development? *(IRR)*

Where there are concerns about the emotional and social development of a child or young person, we would discuss these with parents/carers and the child or young person and decide on the appropriate actions or intervention that is needed to support their needs. This may involve additional support from the pastoral or SEND team to provide additional mentoring and guidance. Children and young people may be referred to an appropriate outside agency, such as the Healthy Young Minds (HYMs - formerly CAMHS) where necessary.

What support is there for behaviour, avoiding exclusions and increasing attendance?

There are a number of actions that Laurus Cheadle Hulme take to support and promote positive behaviour and to avoid exclusions. All staff implement the school's behaviour policy, which is a whole school approach to managing behaviour. Most behaviour in school is managed and dealt with by the classroom teacher with support from subject or curriculum Leaders where necessary. For students who require further behaviour intervention, our Head of Year will intervene. We seek advice from outside agencies where appropriate to help support children and young people at risk of permanent exclusion. A wide variety of strategies are implemented where appropriate. These can include the following;

- Key worker for students with complex SEND needs
- Pastoral Mentoring
- Report cards
- Reward systems
- Timeout cards
- Further assessment of need
- Individual Behaviour Support Plans

In terms of increasing attendance there are a number of actions Laurus Cheadle Hulme takes to support and promote good attendance;

- Children and young people are rewarded for good attendance throughout the year.
- Attendance is reported termly to parents via progress checks and if there are concerns about attendance then letters are sent home to parents to highlight concerns.

Keeping Students Safe and Supporting Their Wellbeing

- Meetings and individual strategies and plans are used to support children and young people who have difficulties maintaining good attendance. Parents are encouraged to contact the Head of Year to discuss any concerns they may have.
- Laurus Cheadle Hulme liaise with outside agencies to support good attendance as necessary. There are regular meetings with the Education Welfare Officer.
- Parents are required to phone the attendance officer to report any absences so that this can be carefully monitored and to safeguard our students if they are absent from a lesson for any reason. If a student doesn't arrive for the first lesson of the day, parents are notified.

Working Together & Roles

How does the setting, school or college ensure that information about a child's SEND or EHC plan is shared and understood by teachers and all relevant staff who come into contact with that child?

- Every student with SEND has a School Focused Plan which is produced in conjunction with parents and the students themselves. This document outlines the specific needs of the student and how best to differentiate for them in the classroom. These are updated on a continuous basis in response to changing needs.
- The SEND Lead ensures that all SEND documents including EHCPs and Statements are stored centrally and are attached to a student's profile.
- The SEND Lead ensures that any changing or emerging needs are communicated via meetings, staff briefings and via email where necessary.
- The SEND Lead collects feedback on the progress of students with SEND from subject teachers on an ongoing basis.
- The Trust Directors of SEND and SEND Lead provide regular training, support and advice to all staff, on the specific needs of students with SEND, and on differentiation strategies within the classroom.

What expertise is available in the setting, school or college in relation to SEND? (IRR)

We are committed to delivering high quality professional development to staff on all aspects of SEND. This is built into our professional development calendar.
